Trolling, casting cranks, or flippin jigs with live bait or plastics.... It all works on the waters of Portage Bay Camp. Walleyes are king, but the northern pike, perch and smallmouth bass fishing is as good as it gets. We offer forty miles of water loaded with each species.

Whether you are coming with a group of friends or it's your family vacation, we can accommodate with modern, clean cabins that sleep four to ten people. You can bring your own boat or rent one of ours. We have a cleaning house, bait, docking, and fuel available for the ultimate outdoor experience.

We offer a unique variety of fishing and hunting opportunities during your stay. Many guests never leave Camping lake, however the English, Chakuni, and Cedar Rivers offer just enough current and plenty of structure to make fishing the rivers some of the best fishing in NW Ontario.

After a scenic boat ride up the Cedar River and a short portage there is a remote outdoor experience only Rice Lake can offer. Small water, big fish perfectly suited for canoe or kayak fishing. If big water, rocky reefs, dozens of islands, and miles and miles of shoreline, is your preference, then a short boat ride to Pakwash Lake will suite you well in a quest for big fish.

Come see us in the fall and double dip into a fishing and hunting combo. We offer the same great fishing with limited bear and moose hunts. If wing shooting is you passion, we offer water fowl hunting and some of the best grouse hunting in the country. Miles of logging roads and power lines on Crown land offer plenty of wildlife to fulfill your outdoor quest.

Did we mention family? The Martins are very family focused and recognize that kids of today are the future of the outdoor industry and the preservation of our natural resources. We welcome families of all ages and offer no charge for kiddos in hopes of promoting the outdoors. We are committed to the future and assuring the fishing is as good tomorrow as it is today. We do this by strictly following slot restrictions and working side by side with the MNR. We also do this by hosting conservation minded guests that share the principles and values required to sustain such an incredible natural resource.

Whether you are checking off a bucket list item or planning an annual trip, we'd love the opportunity to talk about Martin's Portage Bay Camp and answer any questions you may have.

Follow us on our social media, drop us an email at martinsportagebaycamp@gmail.com or give us a call at 1-319-540-3570 to get the latest outdoor reports and discuss your next trip to Martin's Portage Bay Camp.
